Ref. 500108

Gencod 3660215001086

Technical characteristics

- ▶ 1 remote-controlled 230Vac-50Hz bulb socket
- ▶ Max power : 100W
- ▶ Open air range : 150m
- ▶ System on indicator light
- ▶ Radio frequency : 868.3MHz
- ▶ The remote-controlled bulb socket is for indoor use only

Features

- ▶ Extremely easy to install, screwing into any lighting fixture with an E27 screw base, this socket will allow you to control your lighting remotely, via an optional remote control or from your smartphone or tablet, and can also be incorporated into your **Thombox** scenes (motion detection, simulated occupancy, etc.). You may also continue to use your current switch. This socket is compatible with all bulbs on the market with a maximum 100W power rating.
