Ref. 500111

Gencod 3660215001116

Technical characteristics

- ▶ 1 built-in remote-controlled 230Vac-50Hz micro module
- ▶ Open air range : 150m
- ▶ Radio frequency : 868.3MHz
- ▶ Power : incandescent bulb : 300W maximum, halogen : 100W max, LED/compact fluorescent bulb/fluorescent tube : 5 to 500W, low voltage : 1A maximum
- ▶ 1 watertight housing, with 2 cable glands included
- ▶ Protection against water from any direction (IP44)

Features

- ▶ With its IP44-rated waterproof housing, can be installed outdoors or in a damp room, allowing you to remotely control any electrical device with a maximum power rating of 300W (lighting, garden fountain, etc.). You can then control these appliances locally with an optional remote control, or remotely via your smartphone or tablet. You may also incorporate it into your **Thombox** scenes, e.g. to automatically trigger garden lights to come on when you open your gate at night.
