Ref. 500122

Gencod 3660215001222

Technical characteristics

- ▶ 1 remote-controlled 230Vac-50Hz module
- ▶ Max power : 500W
- ▶ Radio frequency : 868.3MHz
- ▶ Open air range : 150m
- ▶ The module is for indoor use only

Features

- ▶ Simply connect to your home ventilation system and once paired with your **Thombox**, you can control your ventilation system locally with the optional remote control or remotely via your smartphone or tablet, allowing you to alter the airflow (lower or higher speed). Ideal for second home owners, allowing you to ventilate a home a few hours before you arrive when it has been left with the windows closed while you have been away.
