

Indoor siren

Safety

Ref. 510717

Gencod 3660215107177

Technical characteristics

- ▶ 1 wireless siren
- ▶ Sound power level : 100 dBa
- ▶ Open air range : 300m
- ▶ For indoor use only
- ▶ Operating temperature : -10° to 50°C
- ▶ Operates with 1 ER34615M battery (included)
- ▶ Battery life : up to 4 years
- ▶ Radio frequency : 868.3MHz

Features

- ▶ Designed for indoor use, this siren will play a key role in deterring intruders. Fitted with a flashing light and ultra-powerful siren (100dB), this siren will also play an important role in the event of the alarm being triggered. Completely wireless, the unit is extremely easy to install and get up and running. With anti-tamper, anti-strip contacts, the alarm is triggered in the event of any attempted sabotage. You can of course include it in your **Thombox** scenes, e.g. triggering it in the event of a fire being detected.
