

Frost detector

Safety

Guarantee **2** years

HelpLine **0 892 701 369***

Ref. 510730

Gencod 3660215107306

Technical characteristics

- ▶ 1 frost detector
- ▶ 1 radio transmitter. Operates with one CR123A lithium battery (included)
- ▶ Radio frequency : 868.3MHz
- ▶ Operating temperature : from -10°C to 50°C
- ▶ Cable length : 1.50m
- ▶ Radio range : 300m in open air

Features

- ▶ With its ability to read temperatures of -20° to +50°, this probe, conveniently located and connected to your **Thombox**, will provide you with a reliable temperature reading in the desired location. You can then check this information via your smartphone or tablet and trigger the required scenes. For example, you can switch on your boiler or radiators if the temperature in your holiday home drops below a pre-determined threshold.
