Ref. 510736

Gencod 3660215107368

### Technical characteristics

- ▶ 1 24V AC electrovalve. 0.5 to 8 bar pressure - DN20 BSP male/female thread (IP68)
- ▶ 1 mains adaptor 230V AC 50Hz/24V AC 835mA (IP68)
- ▶ 1 remote control - Operates with 1 CR2032 3V battery (included)
- ▶ 1 outdoor remote-controlled socket (IP44)
- ▶ 1m weather seal tape
- ▶ Open air range : 150m
- ▶ Radio frequency : 868.3MHz

### Features

- ▶ The electrovalve is installed directly onto your sprinkler circuit and uses the outdoor power socket provided in the kit to allow you to start and or stop your sprinkler remotely. The valve includes a manual unlocking system should this be necessary. Used with a Thombox, the remote-controlled electrovalve means that your sprinkler becomes more reliable and more practical – even when you're not at home. As a result, you have more free time and a lusher, greener garden.
