Ref. 510760

Gencod 3660215107603

Technical specifications

- ▶ 1 Thombox equipped with ARW wireless radio technology for rapid installation and ease of use + 1 5V mains adaptor + 1 Ethernet cable
- ▶ 1 wireless infrared pet-aware interior motion detector + mounting brackets
- ▶ 1 remote control
- ▶ 1 magnetic wireless opening detector to fix on a door or window
- ▶ ARW radio protocol (Avidsen Radio Waves on 868.3 MHz). Two-way radio communication

Features

- ▶ High-performance alarm system, controllable locally via the remote controls included, or remotely via your tablet and/or smartphone. In the event of intrusion, you will be immediately alerted, wherever you are, by e-mail and mobile notification. Perfectly suited to securing a medium-sized apartment with its door opening detector, pet-aware motion detectors and indoor alarm. This futureproof bundle can be upgraded to suit any home with the use of additional sensors. A Thombox will also allow you to meet your current and future home automation needs with a range of optional accessories (controllers for heating, doors, windows, lighting, etc.).
