Ref. 510764

Gencod 3660215107641

Technical specifications

- ▶ 1 Thombox equipped with ARW wireless radio technology for rapid installation and ease of use + 1 5V mains adaptor + 1 Ethernet cable
- ▶ 1 stand-by battery + 1 3G dongle
- ▶ 1 Wi-Fi IP colour camera for indoor use
- ▶ 1 standalone smoke detector
- ▶ 2 wireless infrared interior pet-aware motion detector + mounting brackets
- ▶ 2 remote controls
- ▶ 1 magnetic wireless intrusion detector to fix on a door or window
- ▶ ARW radio protocol (Avidsen Radio Waves on 868.3 MHz). Two-way radio communication

Features

- ▶ The ultimate all-in-one high-performance alarm system, controllable locally via the remote controls included, or remotely via your tablet and/or smartphone. In the event of intrusion, you will be immediately alerted, wherever you are, by e-mail and mobile notification. Perfectly suited to securing a large detached house with its door opening detector, pet-aware motion detectors and indoor alarm. This bundle provides enhanced security with its connected smoke detector, along with a webcam allowing you to keep an eye on your home at all times. With its battery and 3G adaptor, this Premium bundle will continue operating in the event of a power cut and/or broadband outage. A Thombox will also allow you to meet your current and future home automation needs with a range of optional accessories (controllers for heating, doors, windows, lighting, etc.).
